

# FR PLUS TARPS

## Description

FR Plus Tarps, Con-Dri's premium construction tarp, are specifically designed to create a superior enclosure, even in the harshest conditions. FR Plus Tarps are constructed with a high quality 14 X 14 woven polyethylene. Premium features such as D-rings, grommets, 4" quadruple stitched hems, and extra reinforcement in the corners come standard on FR Plus Tarps. FR Plus Tarps are fire retardant and meet NFPA 701 Method II and Boston Fire BFD IX-1.

## Features and Benefits

- \* 14 X 14 weave
- \* UV treated
- \* Fire Retardant
- \* 4" quadruple stitched hem with D-Rings
