

DRI-Board

DRI-Board is a heavy duty floor protection board specifically designed to provide superior temporary protection for concrete, tile, wood, linoleum, stone, and other floor types. DRI-Board can be used to protect walls, counter tops, cabinets, and many other surfaces. DRI-Board's liquid resistant properties provide spill protection against paint, mud, water, and more. DRI-Board rolls out flat and is easily seamed together with DRI-Board Tape, making it quick and easy to install on the jobsite.

Remove DRI-Board from plastic sleeve and roll out. Cut to length and seam DRI-Board together with DRI-Board Tape. Adhere DRI-Board Tape directly to DRI-Board, not to the surface being covered.

SKU	DESCRIPTION	ROLL SIZE	ROLL WEIGHT	PLT/CS QTY
DB38100	DRI-Board	38" x 100'	45 lbs	16
DBT3180	DRI-Board Tape	3" x 180'	2 lbs	16
