

Tacky Mats

Con-Dri's Tacky Mats are specifically engineered to keep flooring clean by removing dirt, dust, and debris from shoes. Tacky Mats are constructed of a low density polyethylene film with sticky surface, making them ideal for containment entryways and doormats. Each Tacky Mat comes with 30 tabbed layers designed to be easily peeled off when it's time for a fresh layer. Available in Blue or White. 30 layers per mat, 4 mats per case.

SKU	DESCRIPTION	ROLL SIZE	COLOR	PALLET QTY
TM2436-B	TACKY MAT	24" X 36"	BLUE	110 CASES
TM2436-W	TACKY MAT	24" X 36"	WHITE	110 CASES
TM3636-B	TACKY MAT	36" X 36"	BLUE	55 CASES

KEY FEATURES

- Tacky surface on each layer
- Tabbed layers for easy removal
- Keeps floors clean
- Easy to remove
- Recyclable

APPLICATIONS

- Construction and remodeling
- Office doormat
- Warehouse
- Pharmaceutical

SPECS

- Film Backing: Low Density Polyethylene
- Adhesive Type: Acrylate Adhesive Polymer
- Film Thickness: 2 mil +/- 5%
- Adhesion: 15 oz./in.
- Tensile Strength (MD): >1,450 psi
- Tensile Strength (TD): >2,175 psi
- Elongation at Break (MD): >250%
- Elongation at Break (TD): >200%
